

II Dolphins Sailing

1/25/2010

Hello from II Dolphins Sailing,

Spring is just around the corner unless you take a look outside! It's time to start thinking and planning vacations, weekend getaways, times of re-creation and updating those sailing plans. We received calls and emails this year from several of our 104 grads that scheduled and booked their first "Bareboat" charter. Our congratulations to you!

We added the 106 Advanced Coastal Cruising class to our offerings for 2010. We're excited about being able to offer this class as it provides offshore coastal experience to your resume of certifications. All of our classes come with the necessary materials.

*II Dolphins has been upgraded yet again! BOAT – Break out another thousand! This past year the old raw water cooled Volvo finally died and our dream engine was installed, a BetaMarine 25hp Kubota. It's very quiet & powerful for such a small engine. We also replaced all of the standing rigging and added a Solent stay for a removable working/storm sail. (A **Solent Stay** is an inner-forestay variation where the inner-stay is attached to the mast very near the main headstay fitting). We also replaced the dodger frame and added a new dodger, connector and side panels. Repainting the deck, topsides and bottom is currently underway since we're still hauled out 25Jan2010 at Cape Fear Boat Works.*

We're getting ready for you and our goal is to continue our tradition of providing you with the best possible sail training. Thanks to our 2009 students, we were once again chosen as ASA Sailing School and Instructor of the Year for 2009. That makes four years in a row. It has been our honor and dream to be able to have such a business as this and we hope that 2010 will be successful once again for you as well as for us.

*I know that times are tight and we here at II Dolphins Sailing would like to make things a little easier for your spring plans. This **Spring 2010 Sail** will be offered for 2 months.*

The dates of this offering will start on 25 Jan 2010 and end midnight 31 March 2010

The \$39.00 ASA 101 enrollment/membership fee is not included as part of the discount offering
